

Money Munchkins

Quantum Odyssey — Starter Mission Pack

Explorers ages 8–11

A parent-guided adventure in money skills, decision-making and STEM-style problem solving.

Parent & Teacher Guide

Use this pack as a 15–25 minute activity. Encourage the Explorer to explain the thinking behind every choice.

Mission 1 — Welcome to Quantum Odyssey

Meet BitBot and receive your first 10 Spark Coins.

Challenge

Choose one smart way to use your Spark Coins.

Parent/Teacher Prompt

Why did you make that choice?

Reward: 10 Spark Coins + 10 XP

Mission 2 — Needs vs. Wants

Help BitBot sort purchases.

Challenge

Decide whether each item is a Need or a Want.

Parent/Teacher Prompt

Can something be both a need and a want?

Reward: 20 Spark Coins + 20 XP

Mission 3 — Build Your First Budget

You have a limited number of Spark Coins.

Challenge

Decide how much to spend, save and keep for a goal.

Parent/Teacher Prompt

What would you change if you had 5 more coins?

Reward: 30 Spark Coins + 30 XP

■ Quantum Money Master

Complete the missions and celebrate the skills practiced.

Skill	Explorer Practice
Needs vs. Wants	Recognize different kinds of choices
Budgeting	Plan how limited coins can be used
Saving	Set money aside for something important
Goal-setting	Connect saving with a future goal
Decision-making	Explain the thinking behind a choice

Parent/Teacher Reflection

What did the Explorer enjoy most?

What was confusing?

What should we add to the next mission?
